

Quail Creek Genealogy Club Minutes: Summary of 11/15/2021 Team Organizational Meeting

The QCGC inaugural meeting consisted of the leadership team/primary officers. This meeting resulted in the following decisions regarding the Club's structure and the Leadership team:

Our Club's leadership structure has an abundance of talented and enthused volunteers to their respective roles. Leadership roster at present (and still forming) has rapidly shaped up.

Its finalized leadership structure: expert Genealogy residents as Coordinators & specialized expert Committee Chairpersons serving during a given year (or more as their time permits):

-- Three co-equal, genealogy-experienced Coordinators whose functions & responsibilities are exactly comparable to those of a President when defined in Bylaws of formally-structured clubs

-- A Treasurer and Secretary with duties comparable to those described in typical Bylaws

-- Six or more committees overseen by Chairpersons appointed by our club Coordinators:

1) Education, 2) Membership, 3) Communications, 4) Guest Speaker Scheduling, 5) Social Events, 6) Computer Technology.

The Education Committee will be central to our core mission; (11 knowledgeable residents have already stepped up to serve on that committee).

The following identifies the final organizational structure and committees.
